

Light source

## LAMPE – 987-479

E27 LED, 4W · 470lm, 3000K

- **Not dimmable**

Retrofit LED filament light sources are extremely popular - and for good reason. They combine the charming retro style with their warm and cosy light and also score points for their environmental friendliness thanks to their high energy efficiency. The light source has an E27 socket. Thanks to the amber-coloured glass, the light source emits a warm light that is ideal for illuminating living spaces. Modern LED technology is characterised by high light quality and energy efficiency. Compared to conventional halogen light sources, up to 80% of energy costs can be saved. LED light sources also have a long service life, generate less heat and protect the environment.

### Material construction

Metal · Amber  
Glass · Amber

### Product dimensions

Height: 10cm  
Diameter: 6cm  
Weight: 0,03kg

### Technical data

Light source: E27 – LED  
Watt: 4W  
Equivalent to incandescent bulb: 40W  
Rated Power input: 4,00W  
Lumen: 470lm  
Rated output: 470lm  
Kelvin: 3000K  
Color rendering (CRI): > 80 CRI  
Lifetime: 10000H  
Switching cycles: 10000x ON/OFF
